### Fast and practical learning

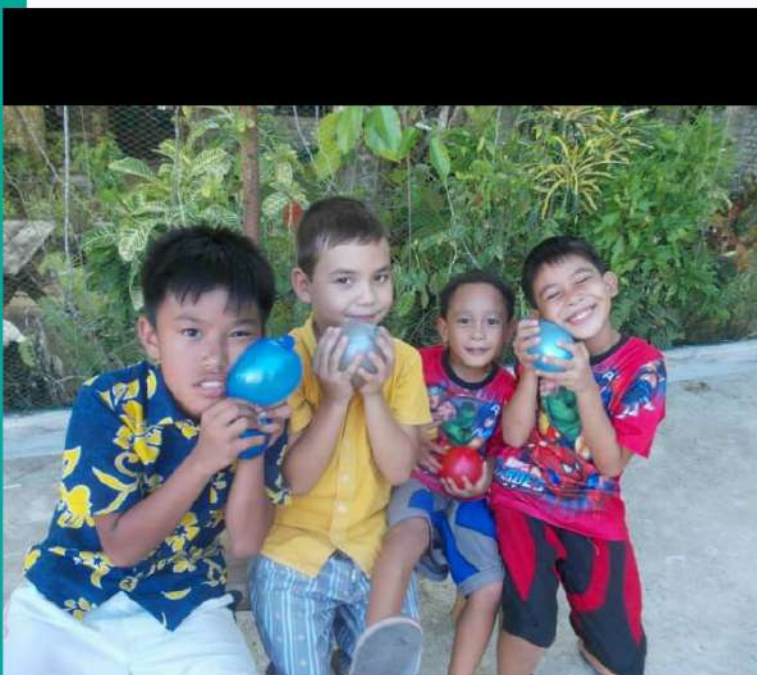

English camp is a practical way for young learners to improve their language skill. Classroom activities are designed to learn the language as well as gain confidence in its use. Though theories and rules are still discussed, learners have more ability to practice English on an everyday life setting..

**CAMP OUTDOOR LEARNING**

### Develop interpersonal relations

Camp participants can spend quality time interacting with other children on the beach, mealtime, after school activities, and with teachers and staff around the camp area. They also have a chance to mingle with local kids or even play with them.

**AFTER-CLASS ACTIVITIES**

# THE BENEFITS OF GROUP WORK

- ✦ **Develops confidence**
- ✦ **Enhance interpersonal skills**
- ✦ **More fun and less stress**

## THE BENEFITS OF CAMP-STYLE CLASSES ACTIVITIES

Camp-style classes can be a powerful technique to motivate students, stimulate positive responses to learning, and encourage participation. It can also help enhance key factors in communication like listening and confidence and give them a chance to show off their natural abilities. Cautious planning and assistance are available throughout the whole camp period.

## OTHER ACTIVITIES

### PLAYING WITH LOCAL KIDS

SLAcademy supports activities with local kids in different villages. It is a chance for cultural immersion and developing interpersonal relations.

### READING AND STORYTELLING TIME

This activity can enhance students' creativity in many ways. It can be done after classes or in the evening. Children who love reading can be assisted by teachers while others may opt for sports or other activities.

# OUR COMMITMENT

## WE GLADLY WELCOME EVERYONE

*by Frelyn Pagente (CEO, Siquijor Language Academy)*

I would like to invite you to join Siquijor Language Academy's programs. We offer a variety of programs designed to help learners with their goals, either to start a career, travel, pass exams, or just enable you to explore new possibilities and opportunities that may be available to you with your fluency in the language. We are proud to be helping our learners become future great communicators, dynamic leaders, and become skillful individuals who are always ready for the future.

Our programs are tailored for every student's individual needs.

We have skillful, friendly, and dedicated instructors. They are trained to provide the students the attention and support they need to notch up their performance.

In addition, we have comfortable and spacious rooms to create an active learning environment and interaction with other students. All are located on the enchanting Siquijor island in the central Philippines. An escape to this tropical paradise with warm seas, hot sun, white sand, and coral reef teeming with fish and other marine lives would be an ideal place for combining learning and vacation.

We deliver service from the heart. That's Siquijor Language Academy's promise.

Come join us!

Sincerely,

*Frelyn Pagente*
